Describe Problem or Request:

I am a Hindu and wrote to Sgt. Maughan for religious access. He has denied me religious access, which the Federal courts have decided is my civil rights. Draper gave me religious access which this county is now denied. I am a state inmate not county, level 1

For Grievances: What steps have you taken to resolve this problem?

I have contacted Sgt. Maughan regarding my religious food needs, prayer beads and altar. I have been denied religious access, which Draper honored. I am a state inmate not county. I will file a Federal 1983 for religious access denied.

Reply: Inmate Lakhumna: You do have a right to reasonably practice your religion, but there are also security issues in any correctional facility that affect the practice of any religion. Sgt. Maughan has provided you with a picture of prayer beads that can be used to meet your religious needs. This is the same practice that we use for other religions. He has asked if you need a vegetarian diet and is simply waiting for your reply. We do not allow altars in our facility for safety and security reasons. I am not aware of what other religious items have been denied. A point of clarification for you: he has not denied you all that you requested.

The CCJ at this time finds your request(s) a "substantial burden". We cannot prepare your meals in a separate kitchen due to the difficulty & cost of the request. Describe Problem or Request: I am receiving beans for most of my meals. Beans alone are not a complete protein. Rice and beans make a complimentary protein. Can you please add rice with the beans so that I can get a complete protein please? I have lost muscle mass and weight. Thank you.

For Grievances: What steps have you taken to resolve this problem?

~~Woods a regular tray if he wants full protein~~

Reply: We follow a menu set by a dietitian. This will be forwarded to her. The response is "The terms complete and incomplete are misleading"

~~The~~ The terms complete and incomplete are misleading in relation to plant protein. You don't need to combine these foods complementary proteins within a given meal. According to the Academy of Nutrition and Dietetics protein from a variety of plant foods, eaten during the course of a day, supplies enough of all essential amino acids when caloric requirements are met. The regular use of legumes, vegetables, grains and nuts will ensure an adequate protein intake for the vegetarian diet, as well as providing other essential nutrients.

Describe Problem or Request: Actually, you said you would call Draper Pd for me when I was ready with my document. You must have a bad memory or lie a lot. I also need to contact Mr. Critchley at Utah State Bar (801) 297-7022. This is all the information I have. You have phone or address for me? I need this GRAMA signed by you as well. I PP Director and Capt. Bradley have been contacted. What about the class you said I could sign up for? Did you forget to sign me up or do I have to sign up?

For Grievances: What steps have you taken to resolve this problem?

Did you forget about this or lied to me and every other state inmate? You said I could leave if I take a class. Where is the class? You have also told other inmates (4) months. Report me to IPP if you have a problem with you lying to me.

6 months at Cache if you are not a management problem, i.e. write-ups, etc. You can write to Draper P.D.

I received the GRAMA Request. You need to release .25¢ per page to Department of Corrections
